

Advancing Organic Agriculture Through Science-Based Results: Lessons from Iowa State University

Dr. Kathleen Delate

Associate Professor in Horticulture, Iowa State Univ

Wed, Oct 28, 2009 - 1:30 – 2:20 pm
Rm 1307 - Thornborough Bldg

Dr. Kathleen Delate (kdelate@iastate.edu) is an Associate Professor in Horticulture at Iowa State University, and works as an Extension Organic Crop Specialist. She has established an impressive record working in both research and extension to support the organic sector, including a Long Term Agricultural Research (LTAR) program comparing yield, profitability, and efficiency in organic and conventional grains.

Recent Publications:

- Delate, K., C. Cambardella, C. Chase, and R. Turnbull. 2008. Beneficial system outcomes in organic fields at the Long-Term Agroecological Research (LTAR) site, Greenfield, Iowa, USA. Organic E-prints: <http://www.orgprints.org/12441/>.
- Chase, C., K. Delate, M. Liebman, and K. Leibold. 2008. Economic analysis of three Iowa rotations. PMR 1001. Iowa State University, Ames, IA. <http://www.extension.iastate.edu/Publications/PMR1001.pdf>
